Find the look you love. We have choices to suit you and your home.

## Your budget. Our promise.

Get a clear, itemised quote plus flexible payment options.

## Your home. Our guarantee.

Feel confident. Our Showroom kitchens are built to last with a 20 year guarantee on all cabinets.

## Your trust. Our installers.

Enjoy peace of mind. Our local, trusted installers can take care of everything.

## Your completed project. Our finishing touches.

Personalise your kitchen with our lighting, flooring, tiles, paint and more.

# What's **NEW** at Wickes

Our ranges have been selected with the latest innovations, materials, colours and styles in mind, giving you everything you need to create the kitchen of your dreams.

For the full Chester range, see pages 74-83

Our popular Chester range has a new addition - Reed Green. Make a statement in your kitchen with this on trend colour.

For our full range of sinks see pages 146-151

Explore our new additions to our undermount sink range, including this striking brass effect Perugia 1 bowl sink.

For more information on our appliance ranges please see pages 180-194

New finishes available across multiple appliances, with Matt Black from AEG (pictured) and Graphite Grey from NEFF.

To find out more about Natura, see pages 18-23

Inspired by nature, our brand new wood accent ranges, Dawn and Dusk complement all of our kitchens; including our new Sofia Marine Blue.

For our full range of handles see pages 140-144

Check out our latest handles, including the Tahlia, available with optional backplate.

For our full range of hot water taps see 156-158

Introducing Quooker, the tap that does it all, with instant 100°C boiling water alongside regular hot and cold.

Level up your kitchen design with Natura Dusk, showcased here with our new Camden Pebble range.

# With you every step of the way...

1

## Book your free design appointment

Book your appointment at [wickes.co.uk/designconsultant](https://www.wickes.co.uk/designconsultant), call us on 0800 011 3031 or drop into one of our stores.

2

## Gather your ideas

Think about what you'd love and what you need in your new kitchen. You can follow us on Pinterest and Instagram to find inspiration.

3

## Free home consultation

Meet with your Design Consultant to discuss your ideas and how to make the best use of your space.

4

## See your new kitchen in a 360° tour

We'll arrange a meeting, either virtually or in store, to reveal your tailor-made 360° virtual kitchen design and demonstrate your chosen products.

5

## Place your order

Once you decide to buy, we can talk you through our flexible payment options.

6

## Meet your installer

Your installer will visit to do a technical installation survey and double check everything is in order. If you choose your own installer, we'll meet with them to ensure things run smoothly.

7

## Agree your delivery date

We'll arrange delivery and schedule your kitchen installation (if you've chosen our Wickes installation service).

8

## Be prepared

When your kitchen arrives, it could take up a lot of space so make sure you have cleared enough room to store it. You'll also need to empty out your old kitchen and set yourself up with a temporary one in another room.

9

## Watch your kitchen transform

Now the exciting bit! We'll remove your old kitchen and dispose of it in an environmentally-friendly way\*, then start installing your new kitchen.

10

## Enjoy your new kitchen

Once your kitchen has been installed, we'll contact you to check you're happy with everything.

\*Excludes fridges and freezers. ↘

# Your ideas. Our know-how.

Our experienced Design Consultants will support you through every step, from planning and design all the way through to installation and aftercare.

## Get expert design input on your ideas and be inspired by clever space-saving solutions

Our Design Consultants know our products like the back of their hands so they can design a kitchen that works for you and your lifestyle. From branded appliances with special cooking functions to dishwashers designed to save your back, even integrated wireless chargers for all your gadgets. And to make full use of your space, they'll talk you through our clever storage ideas.

## Meet your Design Consultant

They'll discuss measurements and your options as well as offering their own ideas.

## Take a tour around our Showroom Kitchen displays through an easy to use video call, or in person

Explore our kitchen showroom from the comfort of your own home with our online showroom tour at [wikes.co.uk](http://wikes.co.uk). See products come to life as you open cupboards, drawers and so much more.

View an example of one of our kitchen designs with 360-degree views.

## See your dream kitchen brought to life with our virtual 360 tool

Once your Design Consultant has heard your ideas and seen your space, they'll use their know-how to design your new kitchen. You'll be invited into store or to a virtual meeting where they'll do product demonstrations and reveal an interactive 360° illustration of how everything will look.

## Complete the look. We'll help you find the worktops, sinks, taps and splashbacks to suit your style

We offer so much more than kitchen cabinets and worktops. Your Design Consultant will help you personalise your kitchen with complementary appliances, sinks, taps and handles as well as lighting, tiles, paint and flooring.

# Your home. Our guarantee.

68mm service void allows pipework and cables to be neatly hidden behind the back panel

12mm back panel and 18mm side panels provide extra strength and rigidity

Soft close on all doors and drawers prevents trapped fingers and is quieter

Fully adjustable Blum hinges allow for perfect alignment on all doors

Drawers are fully extendable, allowing you to reach the back easily

Drawers have 15mm bottom panels and can hold up to 25kg

Shelf supports can be moved within the cabinet to suit your storage requirements

All base cabinet legs are adjustable to allow for uneven floors

**20**  
year  
guarantee

on cabinets,  
units, hinges  
and drawer  
runners

**10**  
year  
guarantee

on doors  
and drawer  
fronts

Our kitchens are built to last.  
We're so confident that we guarantee them for 20 years\*.

\*Cabinets (units, hinges and drawer runners) are included in the 20 year guarantee. Doors and drawer fronts are guaranteed for 10 years. Blum hinges and drawer systems are guaranteed up to 20 years. These guarantees apply on Showroom kitchens and do not affect your statutory rights.

Our hard-wearing units, hinges and drawer runners are guaranteed for 20 years.

Don't worry. Even heavy use doors and drawer fronts are covered for 10 years.

Be inspired by top brand names and innovative smart technology.

Don't just take our word for it. Read our excellent customer reviews on Trustpilot.

# Your trust.

# Our installers.

Our local, trusted installers can take care of everything; from plumbing to fitting, gas to electrics, lighting to tiling.

### Enjoy peace of mind. Wickes will manage your project and sort any issues along the way

Our experienced installers will fit your kitchen to the highest standard, whilst adhering to additional safety measures we've put in place, so you can relax knowing that your kitchen is in safe hands.

### Our Wickes-approved installers will complete a full technical survey before your job begins

Once you've decided to go ahead with your new kitchen, we'll introduce you to your Wickes-approved installer. They'll come to your house, before the installation begins, to carry out a detailed technical survey to check that everything is in order. You can also use this time to discuss any work that needs doing such as gas, electrics or plumbing.

### Our service includes the environmentally-friendly disposal of your old kitchen

Before we install your new kitchen, we'll remove your old one as part of our service, making sure that it's disposed of in a professional, environmentally-friendly way\*.

\* Excludes fridges and freezers.

### Receive a 2 year workmanship guarantee on top of your kitchen guarantees

We want you to be completely happy with your installation, knowing that everything has been fitted safely and correctly. Once it's been installed, we'll provide you with a 2 year workmanship guarantee on top of any product guarantees.

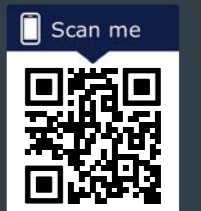

### If you choose your own installer, we'll still meet with them to ensure things run smoothly

We would always recommend you use our installers but, if you would prefer your own fitter or builder, we are more than happy to meet with them, to go over the plans and any details, once you've placed your order. We'll do all we can to make your kitchen fitting go as smoothly as possible.

Learn about the installation process and see a Wickes kitchen come to life.

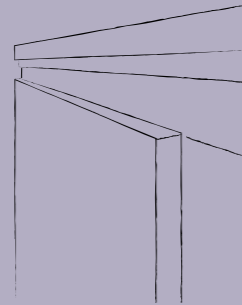

# Our kitchen styles explained

# Cabinet interior options

Our cabinets offer high quality construction, backed by our 20 year guarantee.

Intelliga

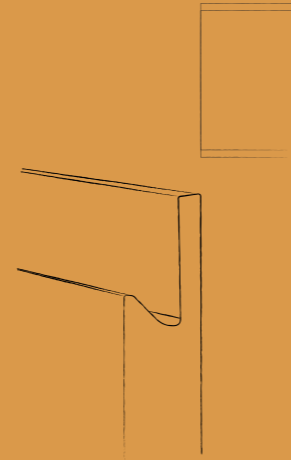

## What is an Intelliga kitchen?

Our most premium range of truly handleless kitchens. A discreet metal rail is built into the cabinet, creating space to reach the doors and pull open with your hand. Drawers are opened with either a push or pull, leaving you with the most stunning seamless and streamlined look.

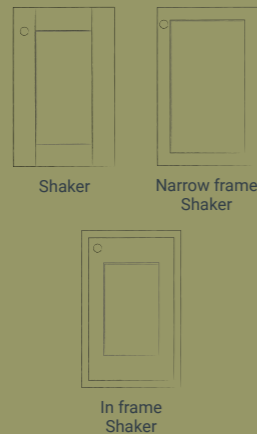

## What is a J-Pull kitchen?

J-Pull is a handleless style that has a 'J' shaped curve built into the top of the cabinet door or drawer front, perfectly shaped to pull open. This gives a sleek modern look to your kitchen.

- Available in Soft White and luxurious Grey finishes to suit your style
- Grey goes perfectly with our premium Intivo drawers and storage accessories

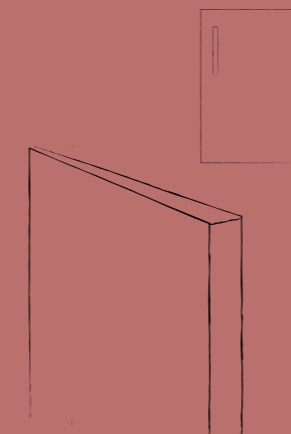

## What is a Shaker kitchen?

Shaker-style doors generally consist of a 4-piece frame with a recessed centre panel. The frame is traditionally wide, whilst the Chester range offers a more contemporary narrow option. Our Heritage range is a shaker-style door within a frame, which offers a different take on this timeless classic.

## What is a Slab kitchen?

Slab doors and drawer fronts are clean and simple, offering the perfect blank canvas for a modern look. Pair with a strap handle for a contemporary look, or use cup and knob handles to make it more classic.

- Soft White co-ordinates with our tandem drawers and storage accessories
- Both colour options are available across all of our kitchen ranges

It's easy to book a free appointment with a Design Consultant. Call **0800 011 3031**, visit [wickes.co.uk/designconsultant](https://www.wickes.co.uk/designconsultant) or hover your smartphone camera over this QR code.

# Natura

## Inspired by Nature

Natura is a premium and sophisticated range, inspired by the great outdoors, allowing you to bring the outside into your home.

Use as a mix and match accent to your dream kitchen, with the option of reeded panelling and Intelliga, our truly handleless solution, or opt for a full Natura design to really make a statement.

Boasting quality oak veneer frontals, Natura is available in two variants, a light Scandi feel with Dawn or a dark luxurious effect with Dusk.

New

Adding subtle dashes of Natura Dusk works perfectly as shown here with Camden Pebble, using reeded panelling and bridging units to deliver elegance and sophistication.

Create a seamless, elegant finish by opting for a mix and match Intelliga kitchen, as pictured here with our beautiful Esker Azure which pairs perfectly with Natura Dawn.

Use Natura's reeded panels to make a bespoke open shelving solution to add the finishing touches to your perfect kitchen.

Pairing Natura Dawn with a soft on trend colour such as Cloudy Blue, pictured here in our Sandford range, brings a new dimension to the design.

Combining Natura Dusk with a dark door such as Melrose Carbon creates an opulent and sophisticated look.

New

Intelliga Natura Dawn and Esker Ice

# Natura Dawn

Natura marks a huge step forward in modern luxury design, bringing natural accents into any kitchen. The natural pale tones of Dawn will give your kitchen a stunning Scandi look, with quality oak veneer frontals and opulent reeded feature panels.

# Intelliga

## Sandford Midnight

Sandford is a modern slab door with a premium satin painted finish, and will work brilliantly with the handleless look of Intelliga. The rich dark blue of the Midnight doors and drawers will give your kitchen a really aspirational style.

Book a FREE design appointment at  
[wickes.co.uk/designconsultant](https://www.wickes.co.uk/designconsultant) or call 0800 011 3031

Intelliga

# Esker Ice

Sleek and chic, simple yet sophisticated: create a bright, open space without a handle in sight with these slab-style single-touch doors and drawers. Esker's almost pearlescent white fascias contrast with the toughness of the highly reflective, acrylic finish.

Pairing Esker Ice with Natura Dawn cabinets and reeded panelling creates a Japandi look

★ Trustpilot ★★★★★

### Excellent installers

"Installers were polite, punctual and did an fantastic job of installing our new kitchen. They gave us their experienced views and then asked us our preferences on various fittings and how we wanted them fitting. Their attention to detail was excellent we could not have wished for better people to fit our kitchen."

Peter Gibson

### Update a kitchen

"Right from the start, our design consultant and kitchen advisor were outstandingly helpful in developing our plans to update our kitchen. We booked the Wickes installation team which was also a good idea as the installers were superb and particular about quality. The work was undertaken on the agreed date and finished as expected. Would I recommend Wickes to anyone? - I already have!"

# Intelliga

## Chester Midnight

The rich dark blue of Chester Midnight's painted doors will make a statement in any kind of kitchen. Combining this with the sleek handleless finishing of Intelliga evolves the narrow-framed shaker into the ultimate designer look.

★ Trustpilot ★ ★ ★ ★ ★

### Great kitchen experience

*"From start to finish our Design consultant has been with us all the way. From the original home visit to the final email he has gone above and beyond in getting us the kitchen we wanted. His flexibility and can do attitude was a god send. We didn't change much in our original plan but the few things we did he did without hesitation. His knowledge was exceptional. He passed us on to the kitchen fitters who were also exceptional."*

Intelliga

# Chester Forest Green

The narrow-framed shaker style of Chester's doors complements the sleek handleless look of Intelliga. The impact of the deep rich green tones gives an opulence that will really make an impression.

With this smart and elegant AEG wine cooler you will be able to serve and enjoy your favourite wine at the correct temperature

**Hints & Tips**  
The champagne-coloured rails on the Intelliga units in the kitchen co-ordinate perfectly with the champagne handles in the dining area, helping to determine a divide between the rooms.

★ Trustpilot ★★★★★

**Fantastic experience from designer...**

*"Fantastic experience from our Design Consultant, from visiting us and listening to our ideas to a lovely stress free fitted kitchen. Our fitter worked hard and we were kept informed. When finished our designer visited to make sure we were totally happy with everything which was a good customer service. Well done wickes, fully recommend."*

Debs Gaul

Intelliga

# Melrose White

Create a silky smooth bright white kitchen in gorgeous high gloss for an effortless designer look and fresh, spacious feel. Intelliga's handleless design offers streamlined simplicity, providing a beautiful blank canvas. Pair with an aluminium rail for subtle minimalism, or black for a bolder statement.

Book a FREE design appointment at [wickes.co.uk/designconsultant](http://wickes.co.uk/designconsultant) or call 0800 011 3031

Intelliga

# Melrose Dove Grey

Seamlessly stylish, this pale grey matt design works as well in a classic, rural kitchen as in a modern, urban setting. It blends beautifully against any tone or texture, and with fingerprint-resistant technology and a true handleless design, Melrose always looks its best.

Intelliga

# Melrose Pewter

Melrose's gloss pewter finish gives a contemporary feel which combines flawlessly with the sleek finish of our truly handleless Intelliga design. Play with textures by pairing with matt Melrose doors in other colours for a truly statement kitchen.

★ Trustpilot ★★★★★

**Excellent service, very pleased with the result**  
*"Our Design Consultant was very helpful through the whole design and installation process, he suggested the best layout to make the most of the available space, suggested the best appliances based on quality-budget, and followed the project through until installation to make sure everything was ok. I'm very pleased with the customer service at Wickes, the installers and the overall quality and functionality of the kitchen. Highly recommended!"*

# Dark Serenity

There is a growing demand for darker and dramatic kitchen spaces, but with a natural twist with woods or stone to create a textured and dynamic effect that makes a bold statement in the home.

A statement worktop and splashback such as Quartz Pietra Carbon brings a sense of drama and opulence.

Brass effect accessories such as handles and taps add a touch of refinement to this bold look.

Keep surface decor to a minimum to create an elegant and sleek look.

Natura Dusk (pg 22) door fronts and reeded panels add texture and depth to bring a new dimension to this trend.

A rich oak effect flooring finishes off the room perfectly.

A dark, matt door such as Melrose Carbon (pg 122) brings this trend to life with its charcoal tones and smooth non reflective finish.

# Natural Simplicity

There continues to be a trend for incorporating calmness into the kitchen and bringing the outdoors in with neutral shades combined with natural textures and materials, particularly woods, to create a serene environment.

Adding bespoke shelving in our Natura Dawn (pg 20) panelling breaks uniformity and adds character to the space.

Using a handleless light door such as Intelliga Esker Ice (pg 30) creates a seamless flow that opens up the room, creating a bright and airy space.

Bringing a touch of greenery to your kitchen adds to the natural and calming feel.

Using a dark Intelliga rail with a light door creates a sense of clean lines that can be found in the natural world.

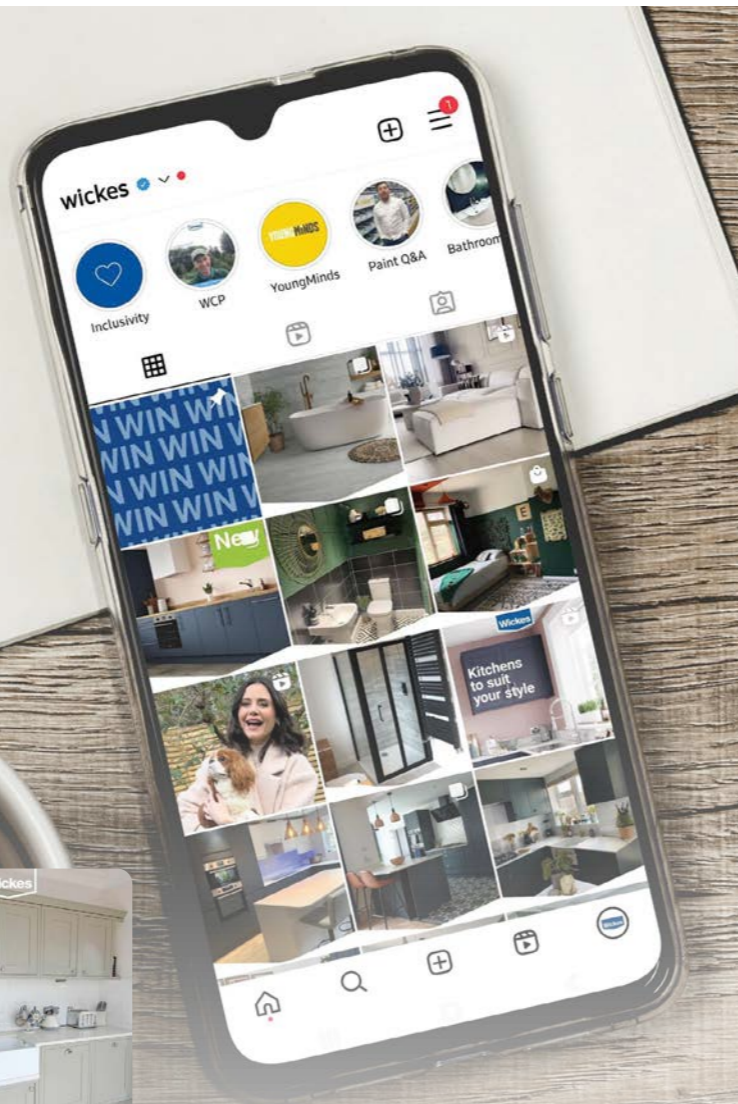

Natura Dawn is the ideal component for this trend. Sleek slab doors and reeded panels in a light and airy wood bring this look together.

Incorporating a woven rug and cushioned seating adds a softness.

Cannot fault the service we received whilst planning and choosing our new kitchen. The team in that department were fantastic - very knowledgeable and helpful, treating us with respect at all times and offered guidance when needed. We are very pleased with the products and service we received and would not hesitate to do the same again.

Lynn B

From the design process through to delivery and the quality of the units (Tiverton Sage) we are so pleased with our new kitchen. Our Design Consultant did a superb job with the design which wasn't easy as ours is a galley kitchen. I would recommend Wickes for their great service, and quality of their products.

Sarina

Our experience at Wickes when we went to order a new kitchen was second to none. The wonderful kitchen advisor and the kitchen design consultant were superb. They were friendly, courteous and nothing was too much trouble. Going above and beyond the call of duty. Even the deliver service and the delivery guys were great. The whole process was a pleasure from beginning to end. Many thanks Wickes.

# Worktops

We have a worktop to suit every budget with almost infinite design possibilities. You'll be spoilt for choice.

## Solid Surface

**Corian® by DuPont™** - A 12mm solid surface material made from one third acrylic resin and two thirds natural minerals that sits on a moisture resistant 25mm MDF subframe. Its seamless joints make it the perfect choice for expansive stretches of worktop, seamless sinks and covered upstands.

**Granite** - One of the hardest natural substances on earth, no two pieces of Granite are alike, so each piece reveals a beautiful unique individual finish. Granite is a naturally porous material which needs to be sealed continuously.

**Solid timber** - Crafted from hardwood staves, joined together and finely oiled. A timber worktop has an anti-bacterial, smooth, water-repellent finish.

**Quartz** - An engineered stone made from 93% quartz and 7% polymer resin, to give consistent colour and finish. A stunning option that retains its lustrous gloss over the years with minimal upkeep.

**Silestone® Quartz** - Creates the look and feel of granite but provides a more solid colour, with options for mirror flecks, natural stone and concrete effects.

**Maia®** - Maia® worksurfaces are both stylish and durable, representing a truly innovative solid surface alternative to the high cost and inherent drawbacks of natural stone. A silky-smooth finish and seamless joints make Maia® worksurfaces a luxurious addition to your home.

**Minerva®** - The home of practical and solid kitchen worksurface material, manufactured to a full 25mm thickness with colour throughout. Delivering a luxurious appearance, imperceptible seamless joints and full design flexibility.

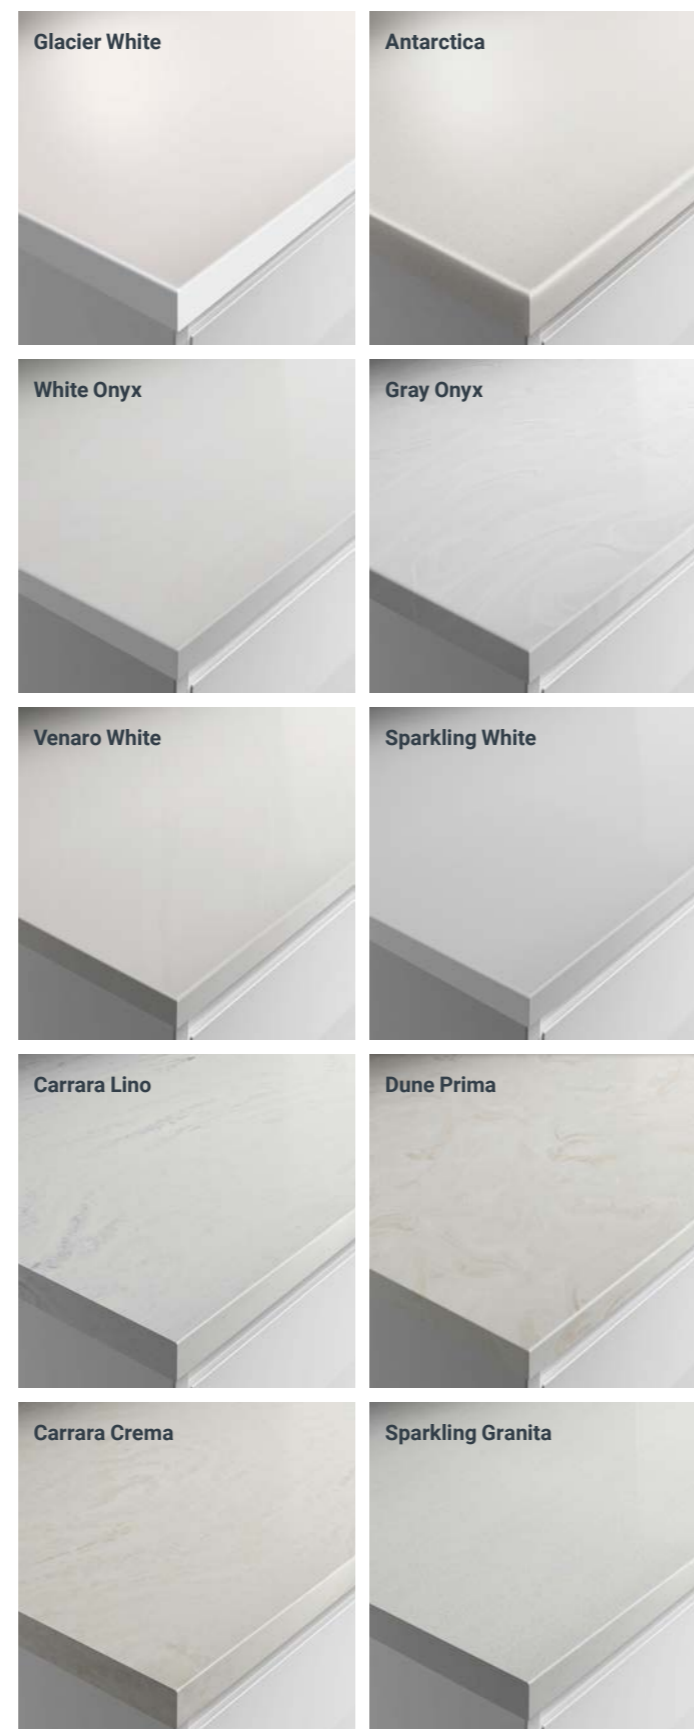

**Metzo®** - The home of practical and solid kitchen worksurface material, manufactured to a full 20mm thickness with colour throughout. Delivering a luxurious appearance, imperceptible seamless joints and full design flexibility.

## Laminate

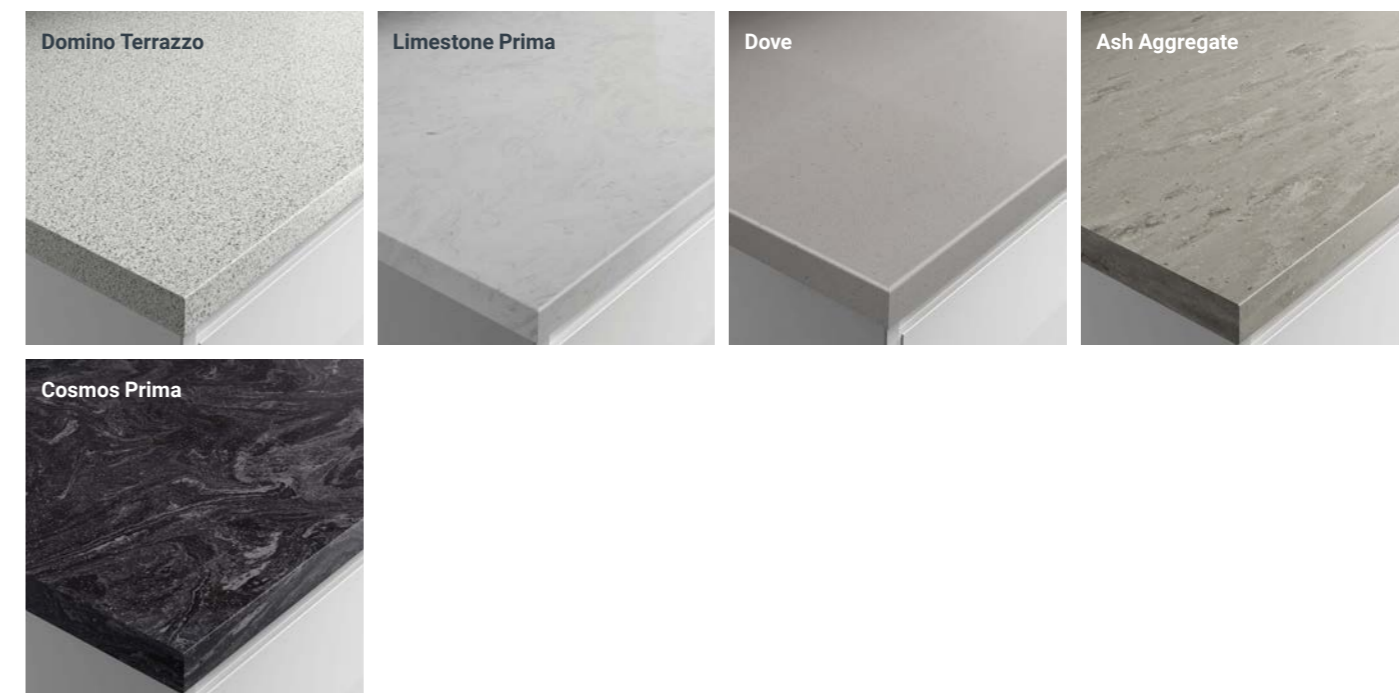

**Compact laminate** - Use compact laminate to create a premium look and feel in your kitchen. Compact worktops are super slim, super tough and 100% waterproof, so they look and perform like stone or ceramic without the long and expensive fitting process.

**Laminate** - In wood, stone, quartz and marble effects, laminate worktops are a great way to create a realistic finish at an affordable price point. With beautiful designs, lifelike textures and square edges, Wickes laminate worktops and breakfast bars look and feel great in any contemporary kitchen design.

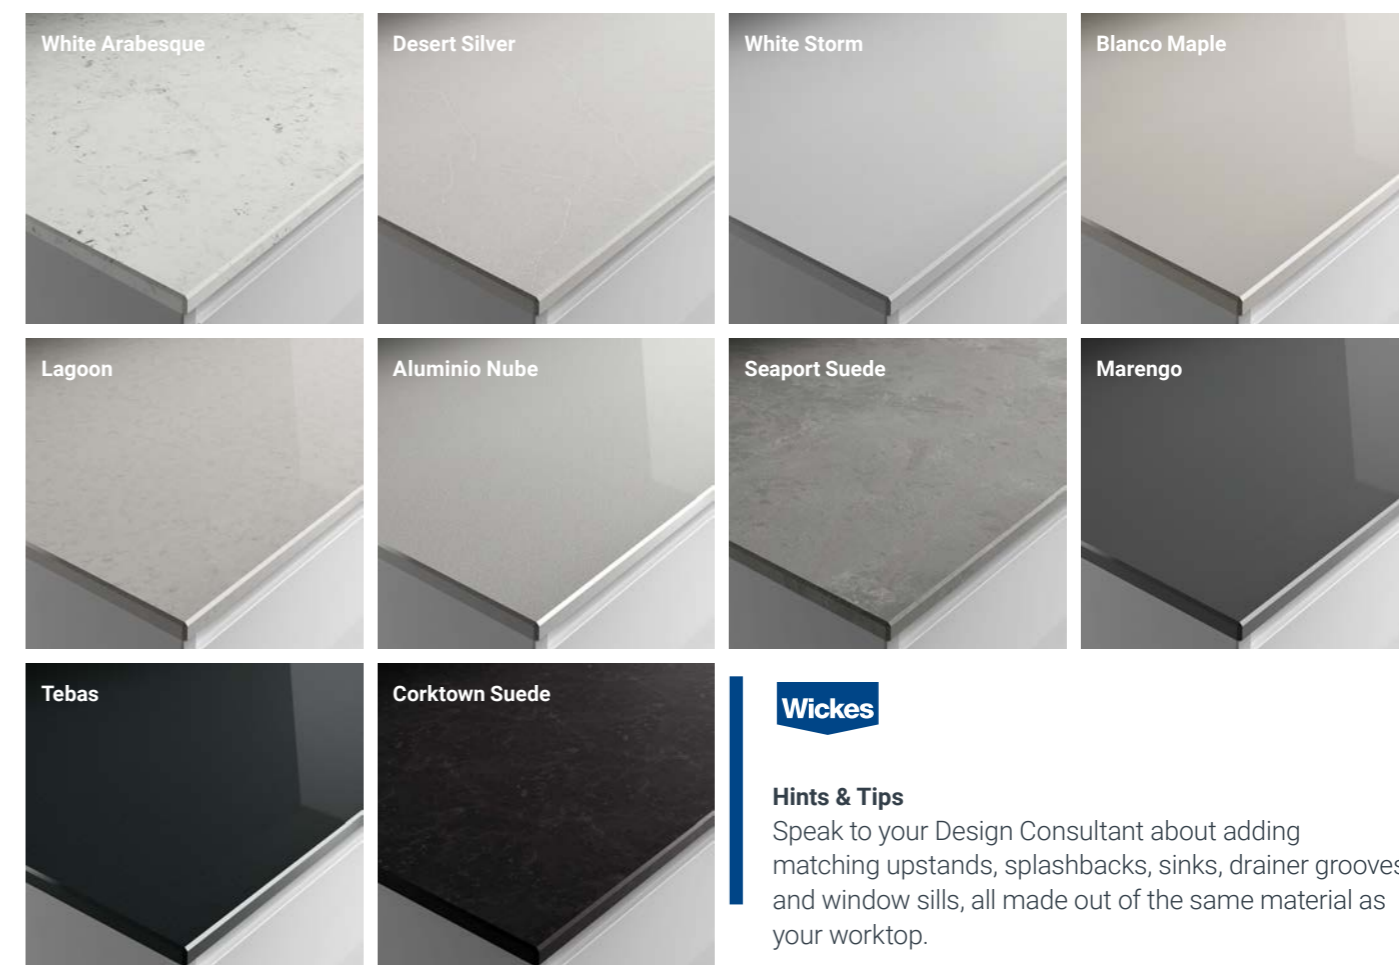

## Corian® available in 37mm

# Waste disposal

A convenient, hygienic, safe to use and environmentally responsible alternative to composting. An InSinkErator® food waste disposer allows food waste to be dealt with quickly and hygienically. Leftovers from food preparation or meals are ground into fine particles and simply rinsed away.

Food waste disposers are:

- ✓ **Safe and easy to use**  
No blades or knives
- ✓ **Practical**  
No food caddy on the work surface
- ✓ **Convenient**  
Quiet and quick
- ✓ **Instant**  
Food waste is ground into fine particles that are flushed away through standard plumbing
- ✓ **Hygienic**  
From chicken bones to fish – no more food waste in the rubbish bin
- ✓ **Easy to install**  
Fits most kitchen sinks

# Sinks

Whether you're looking for long-lasting stainless steel, high gloss ceramic or ultra-strong granite, we have a wide selection of designs to suit you.

## Surfaces

**Stainless Steel** - The classic choice. It is very hygienic, will resist any temperature and is absolutely timeless.

**Ceramic** - Our fireclay sinks are harder than metal, scratch-resistant and hygienic.

**Granite** - Granite composite sinks are formed under high pressure, making them resistant to scratches, stains and heat.

**Bowls** - Most sinks are available with either 1 or 1.5 bowls, depending on your requirements, and there is also the option of a double bowl in some styles.

**Overmount** - An overmount sink drops into a hole in your worktop and there will be a lip where the sink balances on the surface.

**Undermount** - Undermount sinks sit under the worktop, which can offer a smoother, more streamlined look. Please be aware that undermount sinks are not suitable for use with some worktops; your Design Consultant will be able to help you decide on the best choice for you.

## Stainless steel sinks

**Carron Phoenix Ibis 100 1 Bowl Sink**

# LED Lights

Create anything from a soft, intimate glow for dining areas to an ultra-modern lighting effect for parties and entertaining. The new connected lighting systems allow you to easily convert to a Smart lighting system. Control your kitchen lights and pendants via the app, kinetic switch, or voice commands.

## The Power of Lighting

**Task Lighting**  
Create an efficient work space with under cabinet illumination

**Convenience Lighting**  
Illuminate cabinets and draws to brighten up your kitchen

**Mood Lighting**  
Bring character and depth with flexible strips, plinth lighting and profiles

## Ambient Lighting

TrioTone® (colour selectable) lighting allow you to set the perfect colour temperature to match your kitchen decor, mood or the time of day.

Warm white

Natural white

Cool white

# Plinth heaters

Our selection of plinth heaters are the perfect space-saving solution for keeping your kitchen warm without the need for a bulky radiator. Installing a plinth heater means you can enjoy the benefit of additional space for cupboards and worktops. With an electric option available or a model that easily connects to your central heating system, they deliver ample heat to keep your kitchen warm.

## Plinth Heater

- Heat outputs up to 2kW
- 143846 Stainless Steel (central heating system)
- 143845 Stainless Steel (electric)

# Multi-functional kitchens

Kitchens have become so much more than simply places where we do the cooking. They're the heart of the home, where friends and family gather to work, rest and play. Whatever you need your kitchen to be, we can create the solution that works for you.

Forget working at the kitchen table, integrate a workspace into your kitchen design for an adaptable, multi-purpose space for all the family.

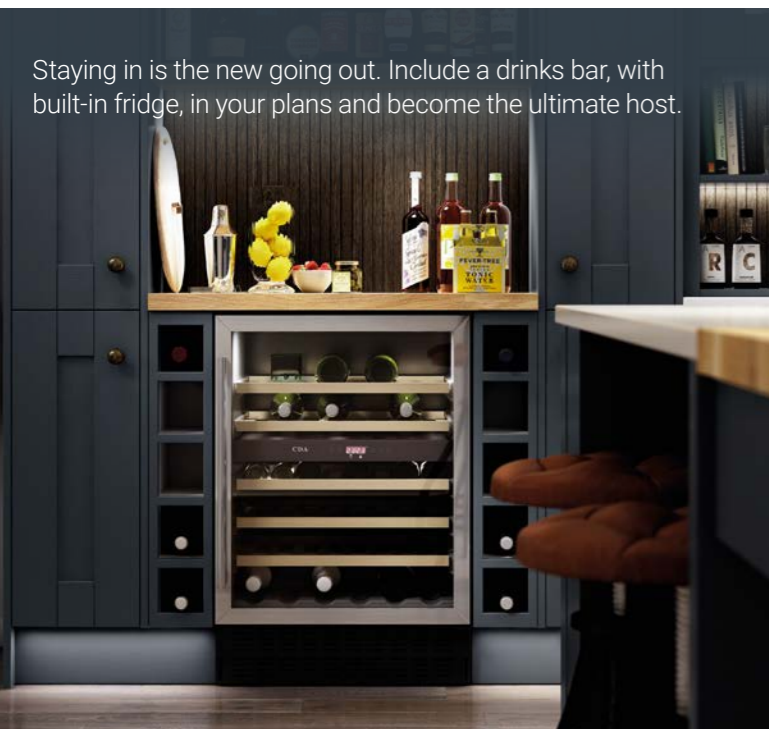

# See our inspiring range for yourself

With over 230 stores across the UK, there's a showroom near you with a great collection of kitchens on display.

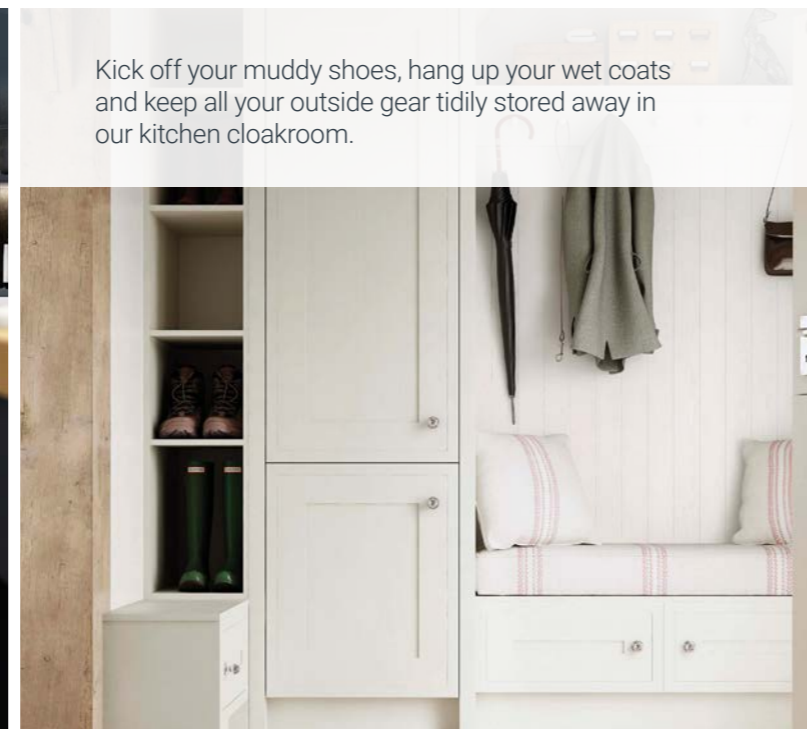

Visit [wickes.co.uk/store-finder](https://www.wickes.co.uk/store-finder) to find your local showroom

Staying in is the new going out. Include a drinks bar, with built-in fridge, in your plans and become the ultimate host.

Kick off your muddy shoes, hang up your wet coats and keep all your outside gear tidily stored away in our kitchen cloakroom.

Alternatively, explore our kitchen showroom from the comfort of your own home.

View our online showroom tour at [wickes.co.uk/online-showroom-tour](https://www.wickes.co.uk/online-showroom-tour) or hover your smartphone camera over the QR code to get started.

# Appliances

An appliance from Wickes is the easiest and most efficient way to complete a kitchen. We remove the hassle of shopping around and our Design Consultants can tailor designs to suit any kitchen layout with integrated or freestanding appliances, no matter the size of your kitchen or your budget.

Our diverse selection offers great value and state-of-the-art technology by market-leading brands such as:

## SAMSUNG

**AEG**

**ZANUSSI**

See our appliance brochure for full range.

From washing machines to wine coolers, this helpful brochure has everything you need to help you choose the right appliances for you.

To browse our latest appliance brochure, go to [wickes.co.uk/brochurespdf](http://wickes.co.uk/brochurespdf) or scan the QR code.

# Take your kitchen to the next level

Find out more about some of the latest technology in our appliances to help make your life easier in the kitchen, providing great results and saving energy.

## Steam cooking

Adding steam creates a more intense heat and humidity to keep your food moist on the inside and crispy on the outside. Perfect for baking and roasts.

Available across AEG, Samsung and NEFF.

## Pyrolytic cleaning

Save yourself time with a self cleaning oven. Pyrolytic technology allows the oven to reach up to 500°C, turning dirt and grease to ash. This effortless cleaning is perfect for busy homes. Available across AEG, Samsung and NEFF.

## SenseBoil

No more boiling over saucepans. A sensor on the hob detects rising bubbles and automatically adjusts the temperature settings, reducing it to a controlled simmer.

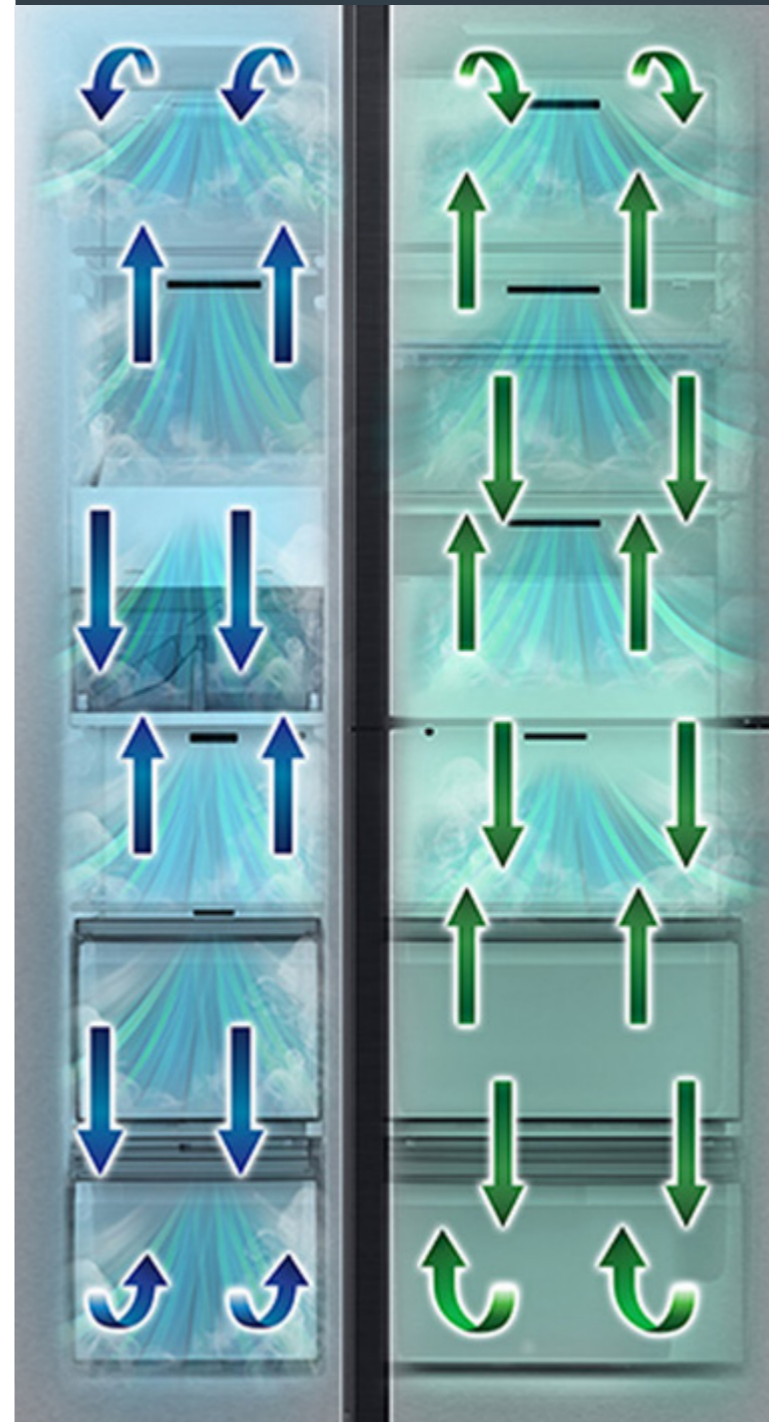

SenseBoil is available on selected AEG hobs.

## Fresher food for longer

With precise temperature controls and two separate air flows being circulated around the fridge and freezer, your food can stay fresher for longer without drying out, helping to minimise your food waste.

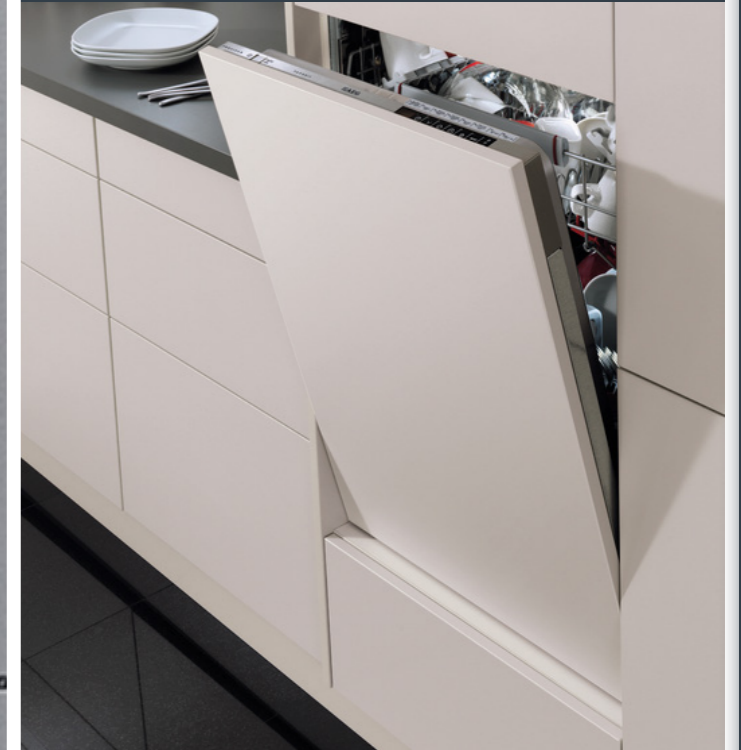

Available across AEG and Samsung.

## Air dry your dishes

Let your dishwasher dry your dishes in the most natural and energy efficient way. During the final stage of the cycle the door automatically opens a small amount, letting the steam out and allowing for air to circulate so that everything dries perfectly.

Available across AEG, Samsung and NEFF.

## Steam Clean

Be kinder to your clothes that don't need a full wash, instead give them a steam refresh. This refreshes odours and reduces wrinkles, including delicates, in just 25 minutes. It also uses just 2L of water, compared to some cycles that can use up to 150L.

Available on selected AEG.

# Ovens

Whatever your style of cooking, we offer innovative technology for all your requirements and designs to suit your lifestyle and decor.

## Steam cooking

Cooks more evenly and enhances flavours and textures by preserving more of your food's nutrients. Delivers heat more effectively so you can cook at lower temperatures.

## Multifunction cooking

Combines all the benefits of grill, fan, conventional or microwave cooking into one single oven – perfect if space is at a premium.

## Fan cooking

Distributes heat more evenly so you can cook using lower temperatures and more quickly, saving you money and time.

# Cleaning

## Steam cleaning

A special pre-set programme helps you to loosen food residue inside the oven for easier cleaning.

## Pyrolytic cleaning

This is a self-cleaning programme that heats the oven up to 500°C whilst safely locking the door during the session. Food residue is turned to ash for you to simply wipe clean.

## Self cleaning catalytic liners

The special coating on these catalytic-lined cookers and ovens oxidises grease and residue when heated to 200°C, meaning you can clean as you cook.

## Easy cleaning enamel

Smooth enamel lining makes it quick and simple to wipe away grease and spillages from the oven's interior.

# Compact appliances

Create a perfect workspace within your kitchen using our range of compact appliances. These can be horizontal, vertical or a group of four or more.

## Compact ovens & microwaves

Powerful performance in a small design. This range offers the same great cooking performance and range of features as the full size equivalent.

## Coffee machines

Enjoy the luxury of authentic Italian espressos and creamy cappuccinos in your own home with these stunning additions to your kitchen.

## Warming drawers

Our warming drawers will keep your dishes at the perfect temperature, ready to bring to the table.

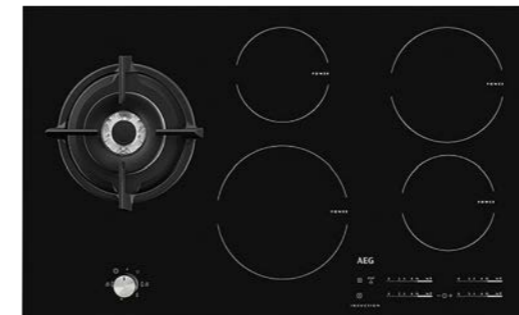

# Hobs

From gas to induction, our hobs offer their own benefits and features with various burners and cooking zone options.

## Induction

Induction technology is the fastest, safest and most energy efficient way to cook on a hob, heating the pan directly with no pre-heat required.

## Dual Fuel

Get the best of both worlds with our dual fuel hob. Choose whether to use gas or electric to get your cooking just the way you want it.

## Gas

A traditional choice that provides controlled cooking with instant heat and flexibility. All gas hobs feature flame safety devices for your peace of mind.

# Hoods

Functional and stylish, hoods can add a unique focal point to your kitchen or be seamlessly concealed to save space.

## Combi

Save space in the kitchen by installing a hob with the extractor built in.

## Island

Make your island the real focus of the kitchen by complementing it with an island hood, combining the practicality of a hood with the elegant design statement of a centrepiece light.

## Designer

Streamlined and elegant, a designer hood will bring a bold and unique feel to your kitchen.

## Chimney

From traditional to ultra-modern styles, these designs will create a stunning statement piece in your home.

# Laundry

From seamless integrated washing machines to combined washer dryers, our range offers the latest technology while providing high energy efficiency.

## Integrated washing machines

We have a wide selection of integrated washing machines to suit your needs.

## Washer dryers

These space-saving models are a standard built-in size, but they can still wash large loads and dry items up to 4kg.

## Freestanding washing machines

Freestanding washing machines can give you design flexibility whilst increasing load capacity.

# Dishwashers

Our range of dishwashers are available in standard and slimline to suit all spaces.

## Slimline 45cm

If you need to save space in your kitchen, the slimline is perfect – and you won't lose any of the functionality or energy efficiency of a 60cm.

## Standard 60cm

These dishwashers are ideal for a larger capacity, flexible racking and have a number of specialist programmes that deliver great results.

# Cooling

Our wide range of cooling appliances includes different designs, benefits and features by market-leading brands NEFF, AEG, Samsung, Electrolux and Zanussi.

## Fridges

Discreet integrated fridges with options in various sizes & capacities.

## Freezers

Frost free and energy saving models available.

## Fridge freezers

Keep your food and drinks fresh with one of our standard fridge freezers. Integrated for a seamless look.

## Wine coolers

Optimum storage ensures your wine tastes better for longer by protecting it from heat, light and humidity.

# Rangemaster

Rangemaster is synonymous with design, innovation, quality, performance and reliability. Rangemaster made the world's first range cooker in 1830 on the very same site in Royal Leamington Spa where they continue to design and manufacture all their 90, 100 and 110cm range cookers.

# Unlock a Wickes kitchen

Check out our easy to follow recipes that showcase some of the best AEG appliances and kitchen features, helping to take your cooking to the next level.

Scan this QR for a quick link or visit [kitchens.wickes.co.uk/content/unlock-a-wickes-kitchen](https://kitchens.wickes.co.uk/content/unlock-a-wickes-kitchen)

## Style and choice

We offer a wide range of styles, sizes and fuel types making it easy for you to find the perfect Rangemaster for your kitchen.

## The right ingredients

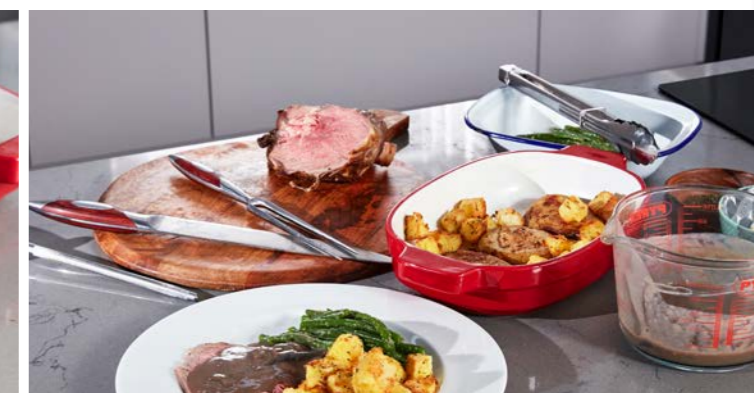

It can take weeks to carefully craft a Rangemaster. The highest gauge steel is pressed, cut, washed, polished, and finally enamelled with an endurance finish. The frame is triple folded, creating a unique encasement for some of the highest quality components you'll find.

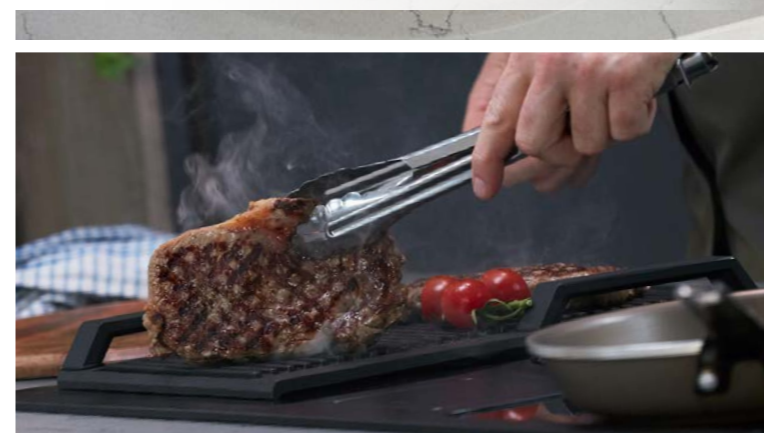

\*Guarantee does not affect your statutory rights.
